Born in Mexicali, Baja California, México (Oct-1955)

**BioEstadística, S.C.**, CEO & Company Founder since 11-Jan-1997.

### **ABSTRACT**

---

After 10 years of experience as consultant in Mathematical Optimization for industrial companies such as Gamesa, DeAcero, Cemex, Galvak, Vitro, etc., in 1997 he founded BioEstadística, S.C., whose Mission and Vision are:

**Mission:** Collaboration with health research organizations to help improve integral health indices. Assist them in research programs for the implementation of new, effective and more accessible medical treatments.

**Vision 2020:** Our Roadmap to 2020 starts with our enduring mission regarding companies in our niche and looks to position us amongst the top 10 worldwide.

**Vision 2030:** Our Roadmap to 2030 continues with our enduring mission that takes us to first place worldwide.

### **STUDIES**
